I understand that

"The Associate of Applied Science Degree is designed for employment purposes, and it should not be assumed that the degree or the courses in the degree can be transferred to another institution. While a few institutions have recently begun to accept some courses in A.A.S. programs, the general rule is that courses in the A.A.S. Degrees are not accepted in transfer toward bachelor's degrees. Students for whom transfer is important should get assurance in writing in advance from the institution to which they intend to transfer."

Students may also check the Arkansas Course Transfer System website. for the transferability of classes.

<https://adhe.edu/students-parents/transfer-info-for-students>

This degree **Does Not** qualify for the UARK Transfer Achievement scholarship.
